

Global Vigil for Peace,

Sunday, February 15 at Sunset

Light a candle.

Because every life is precious.

Soldiers signed up to defend, not attack.

Last year on February 15, millions of people in cities here and around the world demonstrated to stop a war. Now 450+ Americans, thousands of Iraqis are dead.

We bear witness to these realities.

In all our towns we stand together as neighbors. Everywhere we want clean water, homes, schools, clinics, jobs, food, books, bridges -- not bombs.

In my town -- in your town?
